

M@Care

M-Care aims to:

- help **people with disabilities** and **older people** to benefit from high quality personal caregiver support;
- by creating a **mobile training application**, and a dedicated **curriculum and relevant training material** for different disabilities;
- supported by a **learning methodology**;
- **piloted with end-users** (mainly low skilled people) and **beneficiaries** (people with disabilities and older people) in Belgium, Germany, Bulgaria, Greece and Turkey;
- with access to learning modules for VET centres via an **online portal with dedicated communities**.

Start date: 01/01/2014

Duration: 24 months

Target groups:

- Low qualified workers or jobseeker
- People with disabilities and older people (beneficiaries)
- VET and employment centres
